Paper towel dispenser

Product name

XIBU TOWEL hybrid [black]

Product range

Washroom hygiene

Product description

This hybrid rolled hand towel dispenser can be operated contactlessly using the energyBOX L, rechargeable battery or by connecting it directly to the mains. Manual sheet output is always possible by pressing the pusher bar. Automatic changeover from empty roll to full roll, integrated 240 mm sheet cut, single-sheet output with adjustable time delay and sensor range. Fill level indicator Analog as well as LED, lockable. LED status display via level and energyBOX capacity.

Settings, information on fill level, energy status and service requirement can be called up using the XIBU app.

Packaging unit

1 piece

Art.-No. 4110203967

Field of application | use

2 roll system, multiROLL paperTOWEL with automatic switch-over - therefore never empty. The lower roll is in use whilst the upper roll is in waiting position. Electronic hand detection automatically dispenses the paper but if the power source is empty or not inserted, the dispenser switches to manual mode. Through traction of projecting paper a pre-cut sheet is dispensed. Especially suitable for high-frequency areas.

Dimensions

H x W x D: 42.1 x 33.3 x 22.9 cm

Installation

Recommended user height at approx. 1300 mm from bottom edge of dispenser to floor. If mirror in place, pay attention to alignment with bottom edge of mirror.
