

Washroom hygiene

XIBU PAPERBOX vacuum hybrid [white]

Waste bin

Product name

XIBU PAPERBOX vacuum hybrid [white]

Product range

Washroom hygiene

Product description

Waste bin made of antistatic, impact-resistant plastic. The innovative filling level sensor LEVEL UNIT hybrid allows filling level information and data to be transmitted to the Hagleitner XIBU app or the Hygiene Portal. The XIBU PAPERBOX vacuum hybrid is available in two versions – white (Art. No. 4110224350) and black (Art. No. 4110224362)

Packaging unit

1 piece

Art.-No. 4110224350

Field of application | use

In the XIBU PAPERBOX vacuum hybrid is a PE bag with approx. 45 litre capacity to collect the used paper towels and ensure disposal without skin contact.

When the cover is closed, a fan draws the bin liner against the inner surface of the PAPERBOX vacuum hybrid and thus optimises the waste volume. The diagonal opening of the XIBU PAPERBOX vacuum hybrid prevents visual contact with the contents.

Dimensions

H x W x D: 70.1 x 34 x 23.7 cm

Installation

Suitable for wall mounting or as an upright solution. Ensure that it is positioned in the middle if installed together with the XIBU analog/hybrid TOWEL dispensers.
