

Washroom hygiene

XIBU XL FLUID hybrid [white]

Dispenser for skin protection and hand hygiene

Product name

XIBU XL FLUID hybrid [white]

Product range

Washroom hygiene

Product description

Contactless, splash-proof dispenser (IP54*) in XIBU design for dispensing skin protection, skin cleansing, skin care or disinfectant products as part of personal protective equipment. Delivers data for the digital management of washrooms and PPE compliance. Features auto stop and a reserve tank. Airtight unit comprising tank and refill. Simple and reliable dispenser filling thanks to innovative vacuum-BAG guide. Adjustable dispensing quantity via the XIBU app. Power is supplied either by the energyBOX M, rechargeable battery or mains adapter. Electronic fill level indicator - flashing LED. Digital fill level indicator in the XIBU app and hygiene portal. For each refill, a suitable label is provided in the scope of delivery, which can be attached to the dispenser for easy reading. The label colour including product name provide the colour coding system for clear and simple differentiation when filling and operating the dispensers. It's possible to install rows of several dispensers to use for skin protection, cleaning, disinfection and care products.

* in combination with rechargePOWER hybrid

Packaging unit

1 piece

Art.-No. 4110302350

Product recommendation

Installing rows of up to five dispensers is possible using spacers from the XL SPACER KIT.

Complementary products for the perfectly equipped PPE-compliant workplace: XIBU TOWEL hybrid – the contactless hand towel dispenser. PPE compliance is ensured by means of real-time data via an HsM gateway.
