

Washroom hygiene

XIBU METAL TOWEL hybrid

Paper towel dispenser

Product name

XIBU METAL TOWEL hybrid

Product range

Washroom hygiene

Product description

Paper hand towel dispenser with housing made from high-quality, tough stainless steel and anti-fingerprint coating. Touch-free dispensing of cut paper sheets. Power supply either via energyBOX L, rechargeable battery or directly via the mains supply using a mains adapter. Manual sheet output is always possible by pressing the pusher bar. Automatic changeover from empty roll to full roll. Single-sheet output with adjustable time delay and sensor range. Lid opening can be on either side, lockable. Optical display for refill requirement on both sides, laterally on the rear panel. LED status indicator for fill level and power.

Settings, information on fill level, energy status and service requirement can be called up using the Hagleitner360 app.

Packaging unit

1 piece

Art.-No. 4131100765

Field of application | use

The paper is dispensed touch-free via automatic hand detection. If the power source is empty, the dispenser changes to manual mode. In this mode, a pre-cut sheet is dispensed by pulling on the paper sticking out. With automatic roll changeover - ensuring constant availability. The lower roll is in use, the upper roll is in waiting position.

Upgrade your washroom with elegant, streamlined and robust design in metal. Ideal for public washrooms with high usage and correspondingly high load.

Dimensions

H x W x D: 42.1 x 32.7 x 23.8 cm

Installation

Recommended user height approx. 1300 mm from bottom edge of dispenser to floor. If installed close to a mirror, it may be advantageous to align the dispenser with the bottom edge of the mirror.
