hup DES PLUS M [MP]

Instant disinfectant wipes without alcohol

Material compatibility

hup DES PLUS M has been tested for compatibility with the following materials: POM (Hostaform), PP (Moplen), PP (Novolen), Plexiglas, PVC, PE-HD (Hostalen), PA, polysulfone, linoleum flooring, rubber flooring, vinyl flooring, steel (stainless steel). When used on aluminium and non-ferrous metals, material compatibility should first be tested on an inconspicuous spot. Applying the solution to polycarbonate, ABS (Novodur) is not recommended. Minor colour changes may occur on synthetic leather.

Dimensions

H x W: 20 x 20 cm

Safety information

Please follow the standard safety measures when handling chemicals. **Use disinfectant safely. Always read the product label before use.** Keep out of reach of children.

Storage

To maintain product quality, store in a cool, dry place.

Product recommendation

Ideally suited for use with the XIBU 2WIPE hybrid - the world's first automatic dispenser for wet wipes. The patented dispenser protects the wipes from drying out and germs. We recommend hup DES FORTE for alcohol-resistant surfaces.
