

Working area, Workspace, Tasks

Hazardous substance identification

hup DES FORTE (incl. variants)

Hazards for employees and environment

H226 Flammable liquid and vapour.

No special hazards have to be mentioned.

Precaution measures and instructions

General protective and hygiene measures

Do not inhale vapours. Wash hands before breaks and after work. Do not eat, drink or smoke during work time. Take off immediately all contaminated clothing.

Use only in well-ventilated areas. Provide good room ventilation even at ground level (vapours are heavier than air).

Technical and organisational protection measures to prevent exposure

Advice on protection against fire and explosion: Keep away from sources of ignition - No smoking.

Further information on storage conditions: Keep container tightly closed in a cool, well-ventilated place. Store in a dry place. Protect from direct sunlight.

Personal protective equipment

Eye protection: Safety glasses

Hand protection: Protective gloves

Body protection: Clothing as usual in the chemical industry.

Behavior in case of danger

Suitable extinguishing media: Alcohol-resistant foam, Dry chemical extinguisher, Carbon dioxide, Water spray jet

Non suitable extinguishing media: Full water jet

Use breathing apparatus if exposed to vapours/dust/aerosol. Avoid contact with skin, eyes and clothing. Ensure adequate ventilation.

Do not discharge into the drains/surface waters/groundwater.

Pick up with absorbent material (eg sand, kieselgur, acid binder, universal binder, sawdust). Dispose of absorbed material in accordance with the regulations.

Use self-contained breathing apparatus. Wear protective clothing.

First aid

In case of accident or if you feel unwell, seek medical advice immediately.

After inhalation: If decomposition products are inhaled, remove the affected person to a source of fresh air and keep him calm. Provide medical aid. In the event of symptoms take medical treatment.

After eye contact: In case of contact with the eyes, rinse immediately for at least 15 minutes with plenty of water. In case of irritation consult an oculist.

After skin contact: No special measures required.

After ingestion: Rinse mouth thoroughly with water. Do not induce vomiting. Summon a doctor immediately.

Proper waste disposal

Completely emptied packagings can be given for recycling.
